

AIA INVESTMENTS

- AIA Investments manages US\$195 billion of assets for the Group.
- As a leading asset owner and institutional asset manager, AIA Group has access to the world's finest fund managers. We build institutional level relationships with our selected asset managers and apply professional oversight.
- With over 100 years' experience in Asia Pacific, we have built specialist teams that manage Asian equities, bonds and real estate from multiple locations. Our research is conducted in the markets where we invest directly and we have established a long standing and proven track record of success.
- We apply this know-how to help our insurance customers allocate their savings to long term investment strategies that help them meet their long term financial and wealth management goals.
- We have one of the largest teams of investment professionals in Asia Pacific with 150+ investment specialists in our regional and local investment teams averaging 12 years of experience with total investment staff of 450 employees.
- We are an asset owner and dedicate our investment resources to manage the assets of our life insurance business.
- We invest alongside our customers and we focus on long term results that protect and grow the assets under our stewardship.
